1. Renewing Your Registration with NMBI

Every registered nurse and midwife in Ireland is required by law to renew their registration each year. At the start of the calendar year, employers will seek evidence that your registration has been renewed. With MyNMBI this process is quick and intuitive.

You will receive an email from us informing you that the renewal facility is open and it’s time to renew your registration.

A reminder email will be sent at least 28 days before we close the payment facility. The reminder will be sent only to nurses and midwives who have not renewed their registration.

Unfortunately, if the annual renewal is not completed by the deadline, we are legally obliged to include your name on the list of registrants that will be considered by the Board for removal. A removal email will be sent to all those who did not renew their registration by the deadline (Section 77 of the Nurses and Midwives Act 2011). Please note that notifications of removals are also sent to employers, the Minister for Health and the Health Service Executive (Section 82).

2. Voluntary removal

You can remove your name from one or all divisions in which you are registered. Registrants generally voluntarily remove their names from all divisions if they are taking a career break, retiring or moving to work abroad. We highly recommend that you voluntarily remove your name from the register rather than let your registration lapse (i.e. not renew your registration on time) in order to avoid paying increased restoration fees in the future.

The voluntary removal facility is open at all time on MyNMBI except for a very short period of time to allow the Board to remove registrants for non-payment of retention fee.

If you decide to return to your nursing or midwifery practice at a later stage, you will be able to restore your name to the Register. You will also need to comply with the restoration requirements at the time of restoration.
